## Celebrating Over 40 Years of Community & Commitment

Since 1976, Younger Auto Group has been dedicated to delivering a better kind of dealership experience—one built on family values, integrity, and genuine community support. Founded by the late Ted Younger and carried forward by his son, Brandon, our mission has always been simple: treat people with honesty, respect, and care.

As a locally owned business, we're proud to provide a dependable place to buy and service your vehicle, as well as a stable workplace for friends and neighbors across our region.

Our commitment to service and community remains strong in 2025 and beyond—and none of it would be possible without you. Thank you for your trust, your loyalty, and for helping us grow for more than four decades.

*We're honored to be your dealership of choice.*
